Incident Type: Wildland Fire		Cause: Unknown	
Incident Location: 31656 Tick Canyon Road			
Unified Command Agencies: Los Angeles County Fire Department, Los Angeles County Sheriff Department			
Size: 4,005 acres	Containment: 10%	Expected Full Containment: Unknown	
Civilian Injuries/Fatalities: 0		Firefighter Injuries/Fatalities: 0	
Structures Threatened: 10,000	Structures Destroyed: 6	Structures Damaged: 7	

CURRENT SITUATION

Situation Summary:	Currently, 1,325 firefighters remain on-scene with additional resources available should further need arise. Firefighters continue to perform spot checks throughout the burned areas to prevent any chance of rekindle with a change in the weather. Current objectives include looking for opportunities to further build containment lines. We continue to monitor the weather with single-digit relative humidity, high temperatures and a forecasted shift in the winds to a more westerly flow later this evening. Westerly wind shifts pose a challenge for our firefighters as they may change the potential for rekindle scenarios.
